PROFESSIONAL SUMMARY

Third-year Information Systems student at Ain Shams University with a solid foundation in software development, data science, and machine learning. Proven leadership as Team Leader of the Data Science Committee at Students for Egypt (من أجل مصر). Passionate about building real-world systems and data-driven applications. Seeking internship opportunities to contribute technical expertise in software engineering.

EDUCATION

B.Sc. in Information Systems

Sep 2023 – Jul 2027

Faculty of Computer & Information Science, Ain Shams University — Cairo, Egypt

- GPA: 3.3 / 4.0 | Expected Graduation: July 2027
- Coursework: Data Structures · Algorithms · Object-Oriented Programming · Database Management Systems

WORK EXPERIENCE

Software Developer Intern

Jun 2023 – Aug 2023

Tech Solutions Inc. — Seattle, WA

- Developed and tested software features within an Agile/Scrum team, adhering to sprint cycles and delivery timelines
- Participated in peer code reviews and collaborated with senior developers to design and implement new product features end-to-end

LEADERSHIP & VOLUNTEERING

Supporter — Data Science Committee

Sep 2025 – Aug 2026

Mens et Manus (من أجل مصر) | Ain Shams University

- Led a team delivering data science workshops covering Python, data preprocessing, feature engineering, and end-to-end ML project development
- Coordinated team tasks and timelines, and mentored junior members on practical tooling and best practices in data science

Data Science Trainee

Aug 2025 – Sep 2025

Support ASU — Ain Shams University Student Activity

- Completed Summer Training '25 – Data Science Program covering Python, data cleaning, preprocessing, and full ML project development
- Awarded Certificate of Achievement; certified by Faculty Vice Dean Dr. Hala Moshir, supervised by Dr. Israa AbdelRaouf

PROJECTS

Course Registration System — Desktop Application | C++ · Windows Forms

GitHub: github.com/ahmed-ismail49/Course-Registration-System

- Built a desktop Course Registration System in C++ with Windows Forms, supporting course enrollment, prerequisite checking, and grade management
- Implemented file handling for persistent data storage of student and course records across sessions

Library Management System — Desktop GUI Application | Java · JavaFX

GitHub: github.com/ahmed3ssam0/Library_Catalog_System

- Developed a Library Management System using Java and JavaFX covering book management, borrowing/returning workflows, and data organization
- Designed a clean, intuitive GUI using JavaFX that simplifies library operations for both staff and users

E-Commerce Platform — Full-Stack Web Application | Node.js · REST APIs · HTML · CSS

Backend: github.com/kyrollos10520/web_backend | Frontend: github.com/kyrollos10520/web-frontend

- Built a full e-commerce web app with decoupled frontend and backend, RESTful APIs using Node.js for authentication, product listings, and order management

To-Do List System — Desktop GUI Application | C++

- Designed and built a task management desktop app in C++ with a full GUI, featuring modular architecture for task creation, editing, and tracking

TECHNICAL SKILLS

Languages	Java · C++ · JavaScript · Python
Algorithms	Data Structures · Sorting & Searching · Dynamic Programming · Graph Algorithms
Web Dev	Node.js · REST APIs · Express.js · HTML5 · CSS3
Data Science & AI	Pandas · NumPy · Feature Engineering · ML Pipelines · AI Fundamentals
Databases	SQL · MySQL
OS	Linux (Ubuntu) · Windows · Shell Scripting
Data Security	Data Privacy · Secure Coding · Authentication & Authorization (JWT)
Tools	Git · GitHub · VS Code · Agile / Scrum

CERTIFICATIONS

Certificate of Achievement – Data Science Summer Training '25

Aug – Sep 2025

Support ASU, Ain Shams University | Supervised by Dr. Israa AbdelRaouf | Certified by Vice Dean Dr. Hala Moshir

LANGUAGES

Arabic: Native | English: Intermediate (B1) — Reading, Writing & Professional Communication
